

Safety Photo Contest

Many times, safety committee members and other company employees report unsafe situations they see in their travels. I would like to think everyone is more AWARE of these crazy and unsafe situations due to the safety training provided to all employees of T-Ross Brothers Construction.

With this in mind, the leadership of TRB will hold a "Safety Photo Contest". Rules of the contest are:

Photos must **NOT** be taken while driving or in any way that will create an additional hazard.

Photos must be of an adequate quality to see the hazard clearly.

Photos should be in electronic format – to be used in company training, such as toolbox talks.

Photos must be submitted to a safety committee member, company official or Joe Sanna (text to 717-304-1976 – NOTE YOUR NAME IN THE TEXT, or email to joseph_sanna@pmagroup.com). Photos must capture a safety violation and you must note the safety violation. If you text or email the photo, add the violation in the subject line.

The leadership team is encouraged to contribute hazard photos, as well, to be used in training and as examples to enhance the program.

The safety committee will vote on the photos prior to the next annual safety training OR management will vote as part of the annual meeting. There will be two winners announced at the training (if more than 20 entries are received). Winners will receive a prize chosen by company leadership. Photos will be used in the annual training.

VERY IMPORTANT: Photos are not to be of TRB employees or sites controlled by TRB. If you see a hazard that exposes the company to potential loss, FIX IT IMMEDIATELY!
